In today's competitive job market, an effective resume plays a crucial role in career success. The Department of Data Science organizes a training program on "Mastering Resume Writing: Tips & Tricks", led by Mr. M. Balamuralikrishnan, Placement cum Liaison Officer. The session will provide practical insights on resume structuring, skill presentation, and industry expectations to help students enhance their placement readiness.

Cracking the code strategies to Ace Campus placement

A power-packed guest lecture designed to inspire and prepare aspiring professionals for career success, bringing together industry expertise and real-world insights. Experience the convergence of practical strategies, recruitment perspectives, and career guidance as an experienced HR leader shares proven approaches to cracking campus placements. Gain clarity on employer expectations, refine your preparation techniques, and equip yourself with the skills and confidence needed to excel in today's competitive placement landscape.

In the rapidly evolving technological landscape, Artificial Intelligence is transforming industries worldwide. Our Department organizes an International Seminar on “Impact of AI on Industry”, led by Mr. Dinesh Kumar Manikkam , who will share insights on emerging AI applications, industry trends, and future opportunities, offering valuable perspectives for students and professionals alike.

AI and 14.0 Tools for Innovators and Entrepreneurs

The Data Science Department hosted a workshop on Open Educational Resources (OER), highlighting their role in enhancing teaching and learning. Participants explored free resources like textbooks, datasets, and tutorials, and learned how to create and share their own OER content. The workshop emphasized how OER can make data science education more accessible and collaborative.

The poster is for a workshop organized by the Internship Cell of the Institution's Innovation Council at Dwaraka Doss Goverdhan Doss Vaishnav College. It features logos for the Institution's Innovation Council, NAAC (A++), NIRF, and the college itself. The workshop is scheduled for 8th December 2025 at 05:00 PM in Seminar Hall II, Main Block. The speaker is Mr. Devi Prashanth, Founder and educator of Intellify Edtech Pvt Ltd., Chennai. A QR code is provided for registration. The organizing team includes Dr. T. N. Aruna (Staff Coordinator), Dr. A. Vijayalakshmi (Internship Cell Coordinator- IIC), Dr. S. Narayanan (Convenor- IIC), Dr. K. Angayarkanni (Vice President- IIC), Capt. Dr. S. Santhosh Baboo (Principal, President- IIC), and Shri. Ashok Kumar mundhra (Secretary).

ICCIS 3.0- 2K25

Cyber & Information Security (ICCIS 3.0) - 2025

United by a common resolve to fortify our digital defenses and broaden the scope of knowledge, we stand at the threshold of an exciting new era. With great enthusiasm and anticipation, we are proud to unveil the launch of our latest publication—an event that marks a milestone in this global symposium. This book embodies the collective wisdom and expertise of scholars, researchers, and industry professionals who have dedicated themselves to the ever-evolving landscape of cyber and information security.

As we embark on this intellectual journey, we invite you to join us not only in celebrating the launch of this pivotal work but also in embracing the beginning of a collaborative path toward a safer, more resilient digital world. Together, let us chart the course for a future where innovation and security go hand in hand.

CHIEF GUEST

Dr. Surya Narayan Panda

Pro Vice Chancellor (Research), Chitkara University, Punjab

Prof. Surya Narayan Panda is the Pro Vice Chancellor for Research at Chitkara University in Punjab, India. He holds a Ph.D. in Computer Science from Kurukshetra University. With over 20 years of experience, he has published more than 200 research papers, authored five books, and filed 153 patents. His research interests include Network and Routing Techniques, Cyber Security, Internet of Things, and Cloud Computing. He is also a senior member of the IEEE and a certified Innovation Ambassador from the Ministry of Education, Government of India.

Welcoming the Chief Guest

Prof. Surya Narayan Panda is the Pro Vice Chancellor (Research) at Chitkara University, Punjab, with a Ph.D. in Computer Science and over 20 years of academic experience. He has published 200+ research papers, authored five books, and filed 153 patents. His expertise spans Cyber Security, IoT, Cloud Computing, and Network & Routing Techniques, and he is a senior IEEE member and Innovation Ambassador.

In his address, Prof. Surya Narayan Panda emphasized the crucial role of research and innovation in shaping the future of education and society. He highlighted the importance of quality research, interdisciplinary collaboration, and emerging technologies in academia. His insightful perspectives and vast experience made the session highly informative and inspiring for the participants.

Ayudha Pooja

Our Data Science department recently celebrated Ayudha Pooja, blending tradition with innovation in a unique event. We honored both ancient rituals and modern technology, revering the tools that power our future in a time-honored ceremony. This celebration brought together the wisdom of the past and the advancements of the present, symbolizing the harmonious coexistence of tradition and technology. It was a memorable occasion, highlighting the seamless integration of culture and cutting-edge progress.

Gokulashtami Celebration

The PG Department of Data Science celebrated Gokulashtami with great enthusiasm and cultural spirit, bringing together students and faculty in a vibrant display of tradition and creativity. The event was marked by devotional activities, traditional decorations, and engaging cultural performances that reflected the essence of Lord Krishna's birth. Through music, dance, and festive participation, the celebration fostered unity, joy, and cultural awareness within the department, making the occasion both memorable and meaningful for everyone involved.

Artificial Intelligence Literacy Programme

The poster is for an Artificial Intelligence Literacy Programme. PROTECT
THE PLANET

Clean and Green initiatives focus on promoting environmental responsibility through awareness, action, and sustainable practices. By encouraging waste reduction, proper disposal, recycling, and eco-friendly habits, such initiatives help protect natural resources and improve community well-being. Activities like cleanliness drives, tree plantation, and green campaigns inspire individuals to take responsibility for their surroundings. Together, these efforts create a healthier environment, reduce pollution, and build a culture of sustainability for future generations.

Practical Applications Of Statistics In The Real World Training -2026

We are pleased to present a training session on **“Practical Applications of Statistics in the Real World.”**

This session is conducted by **Dr. R. B. Ravikumar**, who brings valuable insights and real-life examples to the subject.

The training helps participants understand how statistical concepts are effectively applied in everyday and professional decision-making.
