The story of life was on.  
As days passed and myths grew,  
The rights of women also flew.

You gentlemen enjoy all rights,  
But women are those who still fight.  
If privacy & popularity are men's things,  
"Then, what's for women!" did you think?

It's time to wake our inner soul,  
To prove every woman's role.

If silence is the one we sow,  
then violence is the one we reap.

You all degrade feminine as a lust,  
Then will be treated as disgust.

If you weren't in her womb,  
We all would haven't bloom.

Gentlemen! wonder what violence is?  
Forced marriage is violence  
Exchanged marriage is violence  
To be denied financially is violence  
Harming their emotions is violence  
Of all, ignoring their rights is violence

Do not bully them as weak,  
Allow them to reach high peak.  
Loving all is what they do,  
Abuse is the thing intorn you do.

Not all men are insane,  
But violence against women ends in vain.  
Give them their equality,  
All you will attain is positivity.

Stop Violence!

Without women,

We are none.

Don't be wild,

Because women are our pride...

situations & she explained how AI replacing humans, the lecture was very inspiring she also shared her personal experience. After which the students celebrated Women's day by

conducting various events & greeted the women faculties with gifts as a token of love. The women's day celebration proved that WHERE THERE IS A WOMAN THERE IS A MAGIC

### 12. Outcome of the programme/event

The purpose of this day is to celebrate the social, economic and cultural achievements of women in various walks of life. In spite of strong women's rights moments and feminism moments around the world, we have not achieved equal rights in many parts of the world. Women play an important role in building society as well as in building families. The toxic culture of stereotyping gender is one of the reasons for lack of equal opportunities for women this should be transformed. Irrespective of what laws are in place, unless we change our mentality towards women, it will be difficult to create a just society in the world.
